Asphalt Texture - Prime the surface to look like asphalt with Faux Fabrix Textured Spray Paint Goth Black 5oz. - SMS5503 Spray up to 12-15" away from road surface until satisfied with a splotchy texture. Once dry repaint surface with a Glossy Dark Gray such as Model Masters- Navy Gloss Gray 1791 with an airbrush. Apply road decals to glossy surface. After decals are set and dry, use Model Masters Dullcote 1560 to finalize the matte finish. Weather with a thinned out mist of flat black in the middle of each lane to simulate the "shadow" from travel and usage of the road.
