 side B

Delivered in October 1999, AC4400CW 2000 replaced SD50 2000 (renumbered back to 712) as KCS's NAFTA locomotive.
 Use the larger NAFTA lettering for the AC4400CW, along with data from decal set 87-1100 in HO and 60-1100 in N-scale.

KCS SD50 712 was renumbered 2000 in late 1988 to commemorate NAFTA, until replaced by AC4400CW 2000 in October 1999.
 Use the smaller NAFTA lettering for the SD50, along with nose striping from decal set 87-942 in HO and 60-942 in N-scale,
 and data from set 87-527 in HO and 60-527 in N..
