This set is designed to be used in conjunction with Microscale's other tank car and placard sets, as well as use on the many factory painted tank car models currently on the market. With the many, many types of commodities hauled in many different types of tank cars, referring to photos for accuracy is highly recommended.

MICROSCALE Decal
HO Scale 87-1236
N Scale 60-1236
Tank Car Lading
Stencils and Labels

This illustration is a VERY generalized example of lading stencil and placard placement on a car assigned to asphalt loading. Please refer to prototype photographs for the most accuracy in regards to stencil placement, placard types, car types, and car lettering.

Additional warning placards common to the US and Canada can be found on Microscale sheet 87-840 in HO, 60-840 in N.
