

This set will letter SSW and SP 40' and 26' trailers. There is enough data and lettering for 2 89' or 2 85' flatcars, one may do 1 of each 85' or 89' flatcar. There is data to aid in lettering some short 50' and 60' flatcars and bulkhead flatcars. Not all data is provided thus we recommend 87-1 and 87-2 for the rest of the data. Use with MC-5004 for lube plates
