

This set will cover a variety of boxcars for the Chicago Great Western. This set will complete most RBL type boxcars. XM and 40' cars may require additional data from 87-1 (white roman) 87-460, 87-462 and 87-463 (Yellow data). There are 3 different "Lucky Strike" Heralds on this set. Most photos will demonstrate the logo being placed two seams. I'm sure there are exceptions to this. Always reference photos when decaling freight cars to ensure authenticity.
