

This set will cover a variety of freight cars for the New Haven Railroad in their original script scheme prior to the McGinnis "New Image" Scheme. This set can letter freight cars beyond what is depicted in this instruction sheet. Damage Free placards are provided for the series of boxcars that had specialty loaders and designated XML. Lettering is also provided for the longer 53'6" flat cars as well. Be sure to reference photos when applying decals. An excellent resource including freight car series and disposition is this website: <http://newhavenrailroad1959.webs.com/newhavenfreightcars.htm>
