

This set will cover a variety of Department of Defense Caboosees and US Army and Air Force Diesels. The cabooses were used during equipment shipments for the escort guards to ride with the trains. The US Army and Air Force would handle their own switching utilizing an assortment of diesels. Recently, some installations received GenSet switchers. Use photos when decalling to ensure authenticity.

MICROSCALE Decal
HO Scale 87-1470
N Scale 60-1470
48 Scale 48-1470
