

This set will cover a variety of 50' boxcars owned by the Illinois Central (IC) in the 1990s+ and the Canadian National (CN) as repainted cars, post 2005+. In 1987 Illinois Central was looking to establish itself with a new identity after "Gulf" was eliminated from the name. Bringing back the IC black for the locomotives, a modernized logo, and simplified gray rolling stock brought the revamped IC into the 1990s.
