

This set will cover a variety of 1970s per diem era boxcars for the Toledo Peoria & Western (TP&W). Evans 5100 cuft, SIECO 5077 cuft, and NACC 4360 were painted bright red per TP&W specifications. If you want a brighter fresh from the paint shop look, you may also consider Tamiya Bright Mica Red TS85. The FMC 5347 cuft boxcar was in the, popular for the time, Per Diem service. This car had black lettering but most of the other lettering fonts were common to the SSI Lease Fleet.
